

HELLO

That's me below- I'm glad you made it this far! This guide will give you all the pricing information on my wedding photography services. Travel fees are not included for cities outside a 350 mile radius of Tampa, but I sure do love to travel!! and the only travel fee I require is a plane ticket to the city where the wedding or elopement will be at.

I am a storyteller, and photographs are one of the very few tangible things we will have left to look back on these moments. I strive to capture candid moments, real emotion, connection, and every little detail- in the most beautiful and artful way possible.

I can't wait to be friends, start planning, capture your love story, and make awesome memories together!

-Brittany
